

Joe, One Life Stand

Uh, uh

[1] - Girl I adore you
My body's here for you
In the bedroom of the four star
Gonna be a one life stand

[Repeat 1]

Baby you've been on my mind
Fantasizing overtime
Ooh girl I wanna break you down
Till the whole world knows I'm moaning
Check out my philosophy
It's not all about between the sheets
I put up with your bitchy moods
It's time that you put papa in the groove

[2] - Love and sex
Both were designed to relieve your empty stress
You have it on one side
Then let go
(Tell me how you like it)

[Repeat 1 (2x)]

Baby you know I got you hot
I'm up in all your secret spots
Oh girl, you should be givin' it up
Giving it up
I'm yearning just
