

Joe Perry Project, Once A Rocker, Always A Roc

Took a boat to China
Took a jet to Rome
Life span turn around, brought my ass back home
And I might love the ladies, you know I love the life
And I've been down all around, I wanna do it twice
Once a rocker, always a rocker
Can you hear the beat
Once a rocker, always a rocker
Now your gonna feel the heat

I don't got much to say, I don't got much to show
But when I'm down, I turn around, and my feelings start to flow
Ain't got time for movies, I don't got time for rent
Up and down, all around, rolling once again

Once a rocker, always a rocker
Can you hear the beat
Once a rocker, always a rocker
Now your gonna feel the heat

Once a rocker, always a rocker
Only thing I know
Once a rocker, always a rocker
Welcome to the show
