

Joe Purdy, Blue In The Sky

I looked out my window this morning
and I saw the strangest thing
Everyone was walking on water and dancing in the rain

Oh darlin' I got so jealous
Just wishin' you were here with me
And I saw the prettiest people
They were kissing in the street
They didn't care who was watching
In the middle of the street
Didn't care who was watching

I can see blue in the sky when it's raining
And I can see blue in the sky when it's raining
And I can see blue in the sky when it's raining
Raining on me and I'm waiting on you

Just sitting here watching the weather
And I can feel the air is getting colder
They say sometimes the sunshine of a party
She's the first one to go she doesnt give any warning
She just gets up and goes she doesnt give any warning

I can see blue in the sky when its raining
And I can see blue in the sky when its raining
And I can see blue in the sky when its raining
Raining on me and I'm waiting on you

Oh what would you do if I showed up
At your door just ready to go
Would you send me away
Or would you come out and play
It's just a little bit of rain and I'm leaving today
It's just a little bit of rain and I'm leaving today

'Cause I can see blue in the sky when its raining
And I can see blue in the sky when its raining
And I can see blue in the sky when its raining
Raining on me and I'm waiting on you
