

Joe Purdy, You Can Tell Georgia

You can tell Georgia that you were wrapped up in my arms last night
and I was holding you like you were mine
you can tell Georgia anytime

And you can tell Georgia that my thinking is clear
and i've been thinking that I need you near
you can tell Georgia I was here
oh you can tell Georgia I was here

Am I waking you up you said to me
am I waking you up you said to me
am I waking you up you said to me
am I waking you up dear
I said no

You can tell Georgia if I see him around
honey im gonna knock him down
oh everyone be down
oh if you see him again
oh you can tell Georgia where I am
oh you can tell Georgia where I am

Am I waking you up you said to me
am I waking you up you said to me
am I waking you up you said to me
am I waking you up you said to me
am I waking you up you said to me
am I waking you up dear
I said no

You can tell Georgia anytime
