

Joe Purdy, Your Should

You and Jesus were close
Yeah at least as far as he knows
and you used to sell tickets invite all your friends
Saying "walk on that water again"
Yeah walk on that water again

I'm so good at telling the truth
Yeah unless I don't tell you nothing at all
I said running out scare ain't no kind of excuse
I know it was hard but you still shoulda called
I know it was hard but you still shoulda called

Its good
You should
I know you could
If only you would

Oh Its good
You know you should
I Know you could
If only you would

You wanted so bad for the rain
Yeah but I wasn't the king of those things
So I held up the hose as you stripped off your clothes
and danced naked on the tips of your toes
So did you dance naked on the tips of your toes

Its good
You should
I know you could
If only you would

You know its good
You know you should
I know you could
If only you would

Yeah well you know its good yeah
You know you should yeah
I know you could ah
If only you would yeah

You know its good yeah
You know you should
Yeah and I know you could yeah
If only you would yeah
