

# Joe Walsh, At The Station

I was standin' at the station

Out at the end of the line

Feelin' mad, just a bit impatient

And I wish that you would make up my mind

Yes I was out there on the platform

Pay phone keeps eatin' my dimes

And I still don't have an answer

And the train's leavin' right on time

I'm fallin' down

I'm fallin' down

Standin' at the station

Won the battle

Here I am, standin' at the station

Like a gen'ral just relieved of command

I'm fallin' down

I'm fallin' down
