

Joe Walsh, In My Car

Doesn't make a difference

I don't care how far

We can go the distance

In my car

In my car

Don't bother with directions

Doesn't matter where we are

Cruisin' down the highway

In my car

In my car

I don't need no backseat drivers

Leave 'em all behind

And trouble it can't find me

When I'm in my car

In my car
