

Joe Walsh, You Might Need Somebody

When somebody

Reaches for your heart

Open up and let it through

Cause everybody

Needs someone around

When things are coming down on you

And you discover

When you look around

You don't have to be alone

Just one lover

Is all you need to know

When you're feeling all alone

You might need somebody

You might need somebody too

You might need somebody

You might need somebody too

If some fire

Is stirring in your heart

And you're sure it's warm and bright

Keep it burning

Through the cold and dark

Cause it can warm a lonely night

You might need somebody

You might need somebody too

You might need somebody

You might need somebody too
