Think about it, how would you feel If you found out, she wasn't real She's only there, for the money So what would you do, what would you say What if a woman

(Joe)

What if a girl was to make look like a fool in front of your friends Everybody knows she gets around but you pre..... pretend Used to be a siant, but the girl has changed She's not the same no more While you be sneakin' out the front door She'll be sneakin' out the back door
