

Joee, Does That Make You Happy?

Is this what you want?
C'mon you can tell me
Is this what you really want
Haha

(CHORUS)
I need to find a way
I need to turn the night to day
I see a better place
Where I can be in my own space
Without you here
Without you near
I'll keep the ones that I hold dear
And If i choose to carry on
Will you still play the same old song?
Does that make you happy?

Would that make you happy?
To see me in your way ?
Does that make you happy?

With nothing to lose it would drive
me crazy
I'm looking at you I'm confused
and hazy
If there was a destination maybe
Then im on that trip and getting lazy

(CHORUS)

I need to find a way
I see a better place
Without you here
Without you near
And If I choose to carry on
Does that make you happy ?

(CHORUS)
