

# Joe, Does That Make You Happy?

Is this what you want?  
C'mon you can tell me  
Is this what you really want  
Haha

(CHORUS)

I need to find a way  
I need to turn the night to day  
I see a better place  
Where I can be in my own space  
Without you here  
Without you near  
I'll keep the ones that I hold dear  
And if I choose to carry on  
Will you still play the same old song?  
Does that make you happy?

Would that make you happy?  
To see me in your way ?  
Does that make you happy?

With nothing to lose it would drive  
me crazy  
I'm looking at you I'm confused  
and hazy  
If there was a destination maybe  
Then I'm on that trip and getting lazy

(CHORUS)

I need to find a way  
I see a better place  
Without you here  
Without you near  
And if I choose to carry on  
Does that make you happy ?
