

Joey Daniels, Take Me Off The Market

Take me off the market
Put me in your arms instead
So you're scared of commitment
Come on act like a man

Take me off the market
Make me your woman
Let's seal the deal
Let's make it real
Let's start making wedding plans

If I believed for a second
This love wasn't meant to be
I'd be running so fast
You couldn't see my feet

If you want to be with me now
I don't want nobody else
You're all that I ever dreamed of
And I wanna take a chance

Take me off the market
Put me in your arms instead
So you're scared of commitment
Come on act like a man

Bring me off the market
And make me your woman
Let's seal the deal
Let's make it real
Let's start making wedding plans

Baby you're lookin' nervous
You got your car keys in your hands
Your face is red and you're sweatin'
Come on tell me you like my plans

It feels like I'm gettin' nowhere
You're lookin' like a zombie
Well darlin' don't you want my lovin'
Come on baby speak to me

Take me off the market
Put me in your arms instead
So you're scared of commitment
Come on act like a man

Take me off the market
And make me your woman
Let's seal the deal
Let's make it real
And start making wedding plans

Take me off the market
Put me in your arms instead
So you're scared of commitment
Come on act like a man

Take me off the market
And make me your woman
Let's seal the deal
Let's make it real
And start making wedding plans

You better hurry up and put that ring on my finger darlin'
