

# Joey Lawrence, Never Gonna Change My Mind

Oohh...baby...  
Come on... ooh... ooh... ooh...  
Ooh, ooh, ooh... oh yeah...  
I know you're thinking  
That our love's too good to be true, baby  
I know it's crazy  
But the truth is I'm stuck on you, darling  
Now don't you worry  
'Cause for me there's no other way, sweetie  
I know for certain  
In your hand is where my heart lays  
So believe (so believe) when I tell you I'll never let go  
(never let go)  
And forever we'll be soul to soul...  
Heart to heart...  
No, we never will be apart...

Chorus:  
'Cause I'm never gonna change my mind  
Always gonna keep you mine  
Never gonna waste our time together, baby  
Always gonna give you love  
Never gonna give you up  
Always gonna be just what you need in a man

I can (I can) ...I will (Iwill) ... I am...  
Oh yeah...  
Don't doubt when you have me  
'Cause I'll always be only yours, baby  
No need to fear this  
You're the one I've been waiting for, sweetie  
We belong together  
Falling deeper with every day, darling  
You're mine forever  
What more is there left to say?  
So hold on (so hold on)  
'Cause our love is about ot take flight (to take flight)  
Bay, nothing can be more right  
I think you know...  
There's no way we can let it go

Chorus:  
'Cause I'm never gonna change my mind  
Always gonna keep you mine  
Never gonna waste our time together, baby  
Always gonna give you love  
Never gonna give you up  
Always gonna be just what you need in a man

Oh, it feels good to just to hold you tight  
morning, noon, and night  
Let it be understood  
Your're the one for me  
No I'll never leave  
Girl, you make my world complete

Chorus:  
'Cause I'm never gonna change my mind  
Always gonna keep you mine  
Never gonna waste our time together, baby  
Always gonna give you love  
Never gonna give you up  
Always gonna be just what you need in a man

Never gonna change my mind  
Always gonna keep you mine  
Never gonna waste our time together, baby  
Always gonna give you love  
Never gonna give you up  
Always gonna be just what you need in a man

Never gonna change my mind  
Always gonna keep you mine  
Never gonna waste our time together, baby  
Always gonna give you love  
Never gonna give you up  
Always gonna be just what you need in a man

Never gonna change my mind  
Always gonna keep you mine...
