

# Joey Lawrence, Night By Night

11 hours and 27 minutes  
Since I felt your body  
Close to mine  
Don't you know  
That's much to long  
Girl I feel like something's wrong  
If I can't be with you all the time

The first night  
It was just infatuation  
By the second  
I knew that something  
Was going on  
Every hour your'e with me  
I start to think that  
You might be the one  
It's getting stronger

Night by night  
I get deeper you  
Every moment gets us  
Closer to love  
Baby  
Day by day  
I'm waiting for night  
To come true  
Something telling me its right  
Night by night by night

Every day it just  
Another dollar  
And you know  
That I do  
What I do  
Just to pass the time  
But knowing that it won't be long  
Till I hold you in my arms  
Gets me by  
I don't mind cuz

Night by night  
I get deeper you  
Every moment gets us  
Closer to love  
Baby  
Day by day  
I'm waiting for night  
To come true  
Something telling me its right  
Night by night by night

Every day  
I'm wanting you more  
Don't know how  
I made it before  
Girl you rock me  
Down the core  
Night by night by night  
You give me love  
In so many ways  
Every touch  
The look on your face  
Don't you know  
You're driving me crazy

Night by night by night

We started out slow  
Just like a rose  
And now you're  
Watching it grow  
yeah yeah yeah yeah yeah yeah

Night by night  
I get deeper you  
Every moment gets us  
Closer to love  
Baby  
Day by day  
I'm waiting for night  
To come true  
You keep my love  
You keep my love alive

Adlib out.
