

Johan, When I'm On My Own

Silly me
I've been watching you
For all this time been acting like a fool
Every day every wake at night
I can feel you close I guess you make the rules

All my life I've been wondering
Through many states of mind without a clue
Holding on holding on to you
There's losing me what can I do

I could be what I wanna be
Every now and then I think I've found a way
To get it right get it off my mind
When I'm down you're leading me astray

Many times I've been wondering
To let you go it seems so hard to do
Falling in falling out of fear
I'm losing touch you're coming through

Time's standing still
When I'm alone you pull me through
When I'm on my own
When I'm on my own
I'm falling back on you

Silly me
I've been such a fool
I thought I'd let you down let you down for good

Every day every waking hour
You're living me as if I'm not around
Holding holding on to you
It's comforting and relief for you

Time's passing by
It fades away and so am I
When I'm on my own
I need you the most
You're always there to pull me through
When I'm on my own
When I'm on my own
When I'm on my own
When I'm on my own
I'm falling back on you
