

Johannes Kotschy, You Make Me Wanna Be A B

One look in your eyes
Can take me to heaven
A touch of your smile
On cloud number seven

taking just a tiny bit
Make it to a monster hit
All in the magic you do
And that's why I keep thinking of you

Chorus:
Every day I find I better way to be your one and only
Every night I find the stars you like and catch the moon
oh baby
Girl you got to know
I wanna give you all that I am
You make me wanna be a better man

I'm out in the blue
It feels like the first kiss
In all that you do
You're making me feel it

Taking just a tiny bit
make it to a monster hit
All in the magic you do
And th't's why I keep thinking of you

Chorus

When everything feels to be
As good as it gets
You make me wanna be a better man
