

John Anderson, I Fell In The Water

I never seen a miricle before
I thought you were sent from heaven's door
but you knew all along you wouldn't stay
you left me here to drown in this heartache

chorus

I feel in the water
that you walked on
Up to my heart in misery
I can't believe you're gone
I thought you could do no wrong
Til I fell in the water
That you walked on.

I just had to get close enough to touch
Once i did i couldn't get enough
but you're no where near what you appear to be
now i see the truth but i'm in to deep
Til

chorus (x2)
