John Anderson, I Fell In The Water

I never seen a mircle before I thought you were sent from heaven's door but you knew all along you wouldn't stay you left me here to drown in this heartache

chorus
I feel in the water
that you walked on
Up to my heart in misery
I can't believe you're gone
I thought you could do no wrong
Til I fell in the water
That you walked on.

I just had to get close enough to touch Once i did i couldn't get enough but you're no where near what you appear to be now i see the truth but i'm in to deep Til

chorus (x2)
