

John Anderson, She Just Started Liking Cheatin'

She just started liking cheatin' songs and what's bothering me
I don't know if it's the cheatin' she likes or just the melodies

I've never had any reason to doubt her as far as I know she's been true
But lately she's had a different look in her eye I wonder if she's seeing somebody new

You can't blame a body for looking when there's whole world of people out there
But I hope she's not taking any closer looks I tell you lately frankly I've been scared

Cause she just started liking...

[fiddle - guitar]

I've got to admit I do some looking too but she's the only one I love
She still tells me she still loves me but I wonder if my love's enough

Cause she just started liking...

Yes she just started liking...
