

John Anderson, Who's Who

Am I lover am I friend think it over is it me or him
Am I a fool or could I be wrong do I have a reason to keep hanging on
Who's who what's what will I be blue will he not
Please tell me girl I need to know what to do who's who
[steel]

Are you certain or are you confused
Are you just being kind by not telling me we're through
Has he won your heart or do I have a chance
Lay it on the line let me know just where I stand

Who's who what's what will I be blue will he not...
What's what will I be blue will he not...
Who's who
