

# John Butler Trio, Nowhere Man

I'm in  
and i'm out  
Australian, and so the rest dont know what the hell i be on about but  
from here  
and there  
i belong nowhere

it seems some men.....  
and life dont seem to be the same.....  
but all my life ive lived on the, outside  
and now im in, but in nowhere

Nowhere man  
Nowhere man  
Nowhere man  
Nowhere man

i love those forests but no long...  
but i love to share just like the bullet likes to be free  
flying through the air nowhere...

some where down deep inside, of me  
i guess i allways wanted to, be part of the ....  
but now ive found that in my, family  
and now im happy just to be...

a Nowhere man  
Nowhere man  
Nowhere man  
Nowhere man

and i say...
