

John Denver, My Heart

This song was first released on the rhymes and reasons album. it is the only album it has been released on

I told you that I loved you

You said that is so good
I called you my darlin'
I thought I always would
But now you've gone and left me
I don't know what to do
So my little darlin'
I write these words to you

You dun stomped on my heart
And you mashed that sucker flat
You just sorta stomped on high aorta
You started going out with guys

I felt us drum apart
And every step you took
Was a stomp upon my heart

I onty hope that someday you get
Them low down blues

In some smokey honky tonk

You looked down at your shoes
You'll think about that tender heart
That you crushed beneath them soles
With your cold bustin' stompers
You left my head so full of holes
