

John Entwistle, Countryside Boogie

You can take my money
You can take everything
But you can't take my love
There ain't no law says
You can't love the country you live in

If you have to pay
To be alive this day
Then you can take all I got
But don't expect me to smile in the joy of givin'

Wild horses couldn't drag me away
This is my home, it's where I stay
No shiny house, ??? revenue man's
Gonna shoot me down

Wild horses couldn't drag me away
This is my home, it's where I stay
No pin-striped, double-chinned ???
Is makin' me leave town

Everybody's doin'
The countryside boogie
Countryside boogie
Suicidal rock and roll

Everybody's doin'
The countryside boogie
Countryside boogie
Suicidal rock and roll

Don't pretend that ??? are already gone
??? sinking ship
I said the ship is really goin' down
You cats'd better take that tip

Our captain is a lunatic
A country ??? without a ???
He says there's something up his sleeve
His audience begins to leave

Wild horses couldn't drag me away
This is my home, it's where I stay
No fleshy-tie, long-faced ??? and his man's
Gonna bring me down

Wild horses couldn't drag me away
This is my home, it's where I stay
No rob-the-rich, feed-the-poor, ??? Robin Hood's
Gonna shake me down

Everybody's doin'
The countryside boogie
Countryside boogie
Suicidal rock and roll

Everybody's doin'
The countryside boogie
Countryside boogie
Suicidal rock and roll
