## John Entwistle, Too Much Too Soon

I should have seen her coming
I should have known right away
I should have started running
Everybody told me
I should have known from the start
What you were up to, I should have known better then
Now I knew.

Too much too soon, too much too soon.

You got the feeling things cannot fly No matter what you get you wanna buy Well baby what's a boy to do Well now don't talk to samson When I move too fast you want to jump Well baby better buy me out.

Too much too soon , too much too soon. Too much too soon , too much too soon.

I came out feeling hurting knowing What else can I say I came out feeling it's too much too soon Well baby gotta get away.

Too much too soon , too much too soon. Too much too soon , too much too soon. Too much too soon , too much too soon.
