

John Fogerty, Soda Pop

[Chorus:]

Soda Pop, Soda Pop, everybody want to make it to the top. (X4)

[Chorus]

Take a million dollars, baby, put it in my hand;
Put my favorite retouched photo on the soda can.
Put my face on television, say my name a lot; (lot lot lot)
Show your cola in every household, give it all you got;
Better strike while the iron's hot.

[Chorus]

There's a generation out there, waitin' to be tapped;
If we play our cards right, baby, we'll be sittin' fat.
Play a little rock 'n roll music, tease 'em with a tune;
Show a couplea old time pictures from the baby boom,
An' suck 'em in while I croon.

[Chorus x3]

Gimme that, gimme that, money, money, money....
