

# John Foxx, Metal Beat

Chorus:

Metal beat

Metal beat

Metal beat

Metal beat

Jim Suit

Black hair

Dim skin

Gold teeth

A trickle voice like a silver sheet

The pulling of the light

Reflecting in my eyes

Pick up a flip-top box from a vinyl seat

(Chorus)

Drift in

Drift out

We're gone

I'm here

Click on

Click off

No, no

Don't get too near

Name on the shatterproof glass

Melt into a mass

Let's slide across me in this heat

(Chorus)
