

John Frusciante, Estress

Uhhhhh I want you near, yeahhh yeahh give me .
I want you near

I want you near, where I am
I want you there, where I am?

I though the answer
Is brought by the wind
This is the way i like the way i love
Yes,
They are seeing
And i'm not breathing
I'm not breathing

I want you near, where I am
I want you there, where I am?
