

John Hiatt, Down Home

The driver says it's gettin' late

But I know that he's lyin'

I got me no important dates

My, how time is flyin'

CHORUS:

Well I keep on, keep on fallin'

I keep on, keep on fallin'

I keep on, keep on fallin'

Fallin' down home

Oh, la, la, la, la, Oh, la, la, la, la

A pretty lady smiled at me

Love that fancy dancin'

Get back home where we can see

Do up some romancin'

REPEAT CHORUS

You know I'm just hangin' around

Got to be there, Got to be there

When it all comes down,

Comes down down

Comes down home

Well now someone put firewater in my drink

Liked to make me drop it

Well now I know that this ain't no time to think

But you can't hardly stop it

REPEAT CHORUS

Here I go, Here I go

Oh la, la, la, la, la, la...
