

# John Kay, Let's Do It All

Words and music by John Kay, Rocket Ritchotte and Michael Wilk

You know what I want and I know what you like  
We know when it feels good  
We know when it feels right  
Just like it did last night  
I got you on my mind, can't seem to really get much done  
Why don't you come right here, or I'll come over there  
You know we'd have some fun  
We got spontaneous combustion  
We got what everybody dreams about at night  
Come on let's do it all tonight

I'm in your private dreams, you're in the public eye  
You know that I pass out each time that you pass by  
Could make a grown man cry  
For I just can't forget, we got that absolutely perfect fit  
Now that I've stooped to that and it has come to this  
Let's just get on with it  
We have that mutual attraction  
We got what makes the whole world want to fuss and fight  
Come on and let's do it all tonight
