

John Kay, You've Had Your Fun

Words and music by John Kay, Michael Palmer, Steven Palmer

You've had your fun, you've had your fun
You've had your fun, you've had your fun
Now I know that you've had your fun it's no surprise
Yeah I know that you've had your fun it's in your eyes

Layin' back smiling like a reptile, I can tell
Baby you've been living on your own

You're number one, you're number one
You're number one, you're number one
Now I know that you're number one you showed me why
Yeah I know that you're number one you satisfy

Layin' back thinkin' 'bout another way to love you
Makin' it feel like it should
