

# John Lee Hooker, Groundhog Blues

(John Lee Hooker)

Now I'm a walkin' groundhog, mama and I walks around in my den  
Now I'm a walkin' groundhog, mama and I walks around in my den  
Now if I come out and see my shadow, John I believe I'll go back in

Now I want some feedin' mama, so I can hear a high sound  
If you don't feed me baby, I believe I'll go back in the ground  
Because I'm that walkin' groundhog, mama and I walks around in my den  
Now if I come out and see my shadow you say you don't love me,  
I believe I'll go back in

Now I wanna hear some swingin' music, I wanna hear a Fats Waller song  
Now if I start to jitter-buggin', I'm forgettin' my hole down in the ground  
Because I'm that walkin' groundhog, man and I walks around in my den  
Now if I come out and see my shadow my woman don't love me,  
I believe I'll go back in

Yes John, you know what I mean  
Oh you know I'm a-walkin' wild

Now I need some pettin' baby, baby you know what I mean  
Now if you don't pet me baby, I believe I'll go back down in New Orleans  
Because I'm that walkin' groundhog, at night I walks around in my den  
Now if I come out and see my shadow my woman don't love me,  
Yeah an' I believe I'll go back in
