

# John Legend, Money Blown

[Verse 1]

Don't let it fool you brother  
Beware of what you see  
You've been consumed by all your visions of luxury  
Betrayed your friends and burned the  
Bridges that carry you  
But when you need them later, they won't be there for you

[Pre-Chorus]

You're so high now  
You think you'll never fall  
But when you come down, who will you call?

[Chorus]

Whatcha gonna do when your money's blown  
Your friends are gone and you're all alone  
Now you barely hanging on with no one else to run to  
You should know it won't make you whole  
You gain the world but lose your soul  
Spend your life in the search for dough  
You'll find out it just won't save you

Oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh

[Verse 2]

You think that having money brings joy and peace to you  
But the pursuit of it might bring out the beast in you  
Chase the American Dream but can't face reality  
That what you're chasing only lasts temporarily

[Pre-Chorus]

[Chorus]

Oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh yeah yeah

[Chorus]
