

# John Legend, Refuge (When It's Cold Outside)

I pray for better days to come  
I pray that I would see the sun  
Cuz life is so burdensome  
When everyday's a rainy one

But suddenly there's no more clouds  
I believe without a doubt  
That heaven sent an angel down  
And then she turned my life around

You know and I know  
Friends come and friends go  
Storms rise and winds blow  
But one thing I know for sure

When it's cold outside  
There's no need to worry cuz  
I'm so warm inside  
You give me peace  
When the storm's outside  
Cuz we're in love I know  
It'll be alright  
Alright it's alright

Oooh...

Now peace is so hard to find  
We're terrorized and victimized  
But that's when I close my eyes  
And think of you to ease my mind  
You take me to another place  
There's no more war (no more war)  
Just love and grace  
Baby you restore my faith  
I know the struggle's not in vain  
You know and I know  
Through all the battles  
Baghdad to Israel  
There's one thing I know for sure

When it's cold outside  
There's no need to worry cuz  
I'm so warm inside  
You give me peace  
When the storm's outside  
Cuz we're in love I know  
It'll be alright  
Alright it's alright

Alright it's alright  
Alright it's alright  
Alright it's alright

Oh...

When it's cold outside  
There's no need to worry cuz  
I'm so warm inside  
You give me peace  
When the storm's outside  
Cuz we're in love I know  
It'll be alright  
Alright it's alright

Oh it's gonna be alright

Ooh...

Cuz you give me peace  
In the middle of the storm  
When it's cold you're keeping me warm  
It's alright  
It's alright  
I'm never gonna leave  
You give me what I need  
It's alright, alright
