

# John Legend, So High (Cloud 9 Remix)

(feat. Lauryn Hill)

[John:]

It's nostalgic. We gonna take this back with the cloud nine remix. L-boogie, John Legend. Feels like we can kiss the sky, baby, baby when we're high. Baby we're so high, yeah.

[Lauryn:]

You're so conscious and self aware.

I'm next to you, I hold your back and you express pure ecstasy.

It's more than just the sex to me

Because mentally you take me there

Yo, I pretended to be unaffected

You intended to be respected

I commend your boldness, you don't fear being rejected.

So you approached me my love and didn't remain intimidated.

Glad you did 'cause once you came you got much more than anticipated.

And its true, I've got the mind of a genius. And every time we kiss we feel the magnetic field we got

I think its something to witness your vulnerability.

The definition of a real man, he can acknowledge how he feels for me.

And I'm fascinated with your manhood exploration. Your transparent language, how you articulate t

And I can see it in your stare, in the air, I love the texture of your hair, statuesque, black and beauti

[John:]

Baby since the day you came into my life

You made me realize that we were born to fly

You showed me everyday new possibilities

And, you proved my fantasies what love could really be

Let's go to a place where only lovers go

To a spot that we've never known

To the top of a cloud we're floating away

Ooh this feels so crazy, oh this love is blazing

Baby we're so high, walking on cloud nine.

So high

So high

So high.

Feels like we can kiss the sky, baby baby when we're so high

[Lauryn:]

Baby we're so high

Now maybe later we could go up to the moon

Or sail among the stars before the night is through

And when morning comes we'll see the sun is not so far

And we can't get much closer to God than where we are

[John:]

So we'll go to a place where only lovers go

To a spot that we've never known

To the top of the clouds we're floating way

[Both:]

Ooh this feels so crazy, oh this love is blazing

And baby we're so high, walking on cloud nine

So High

So High

So High

[John:]

Feels like this love could be

All that its supposed to be

[Lauryn:]

Feels just like exctasy

Each time you're holding me

[John:]

All that we fantasize

We've come to realize

[Together:]

Baby, baby, baby we can touch the sky

Feels like we can kiss the sky, baby baby when we're so high
