

# John Legend, Who Do We Think We Are (ft. Rick

Who do we think we are?  
Baby, tell me, who do we think we are?

We made a lot of magic  
It's the only way we know  
Let's keep the night fantastic  
Light it up, tell me more, explore  
We love, we love, we love the stars  
We could fall so hard  
The drinks, the minks, the jewels, the house, the cars  
Why'd we ball so hard?  
Yeah, I'm no afraid to fly  
Here we are, in the air, barely breathing  
And we're not afraid to die

Yeah, I'm no afraid to fly  
Here we are, in the air, barely breathing  
And we're not afraid to die  
Who do we think we are?  
Baby, tell me, who do we think we are?  
Who do we think we are?  
Baby, tell me, who do we think we are?

We've got a lot of nerve, girl  
We walk around here like we own this place

[Rick Ross:]  
See my jewels dripping on my Timberlands  
Stepping like a criminal, success is so imminent  
Pink champagne, black Rolls Royce  
Eggplant double-breasted suit from Tom Ford  
Bon voyage, left haters in the fog  
Look up in the sky, bet you recognize a boss  
Look into my eyes as I fantasize for us  
Still actin' shy like this is summer class crush  
Money comin' fast, I'm never in a rush, no  
Cause another twenty in the tuck  
Semi in the truck, another forty on the wrist  
Quarter-mill on my mind got me livin' like I pitch  
Dodging Robin Givens, boiling like I'm Roger Clemens  
Still in the game, uniform all linen  
She get Chanel, ski trips to Ville  
Only the highest grade, like trees that I inhale

Yeah, I'm no afraid to fly  
Here we are, in the air, barely breathing  
And we're not afraid to die  
Who do we think we are?  
Baby, tell me, who do we think we are?  
Who do we think we are?  
Baby, tell me, who do we think we are?

Who do we think we are?  
I don't know about y'all, but I feel good tonight  
There's something in the air tonight  
You know, everyone needs someone to look up to  
Why should it be us?  
Who do we think we are?  
Tell me, who do we think we are?  
Who do we think we are?  
Tell me, who do we think we are?  
This is our song ? our song for the future
