## John Legend, You & I (Nobody In The World)

You fix your make up, just so Guess you don't know, that your beautiful Try on every dress that you own You were fine in my eyes, a half hour ago

If your mirror won't make it any clearer I'll Be the one to let you know

Out of all the girls You my one and only girl Ain't nobody in the world tonight

All of the stars, you make them shine like they were ours Ain't nobody in the world but you and I You and I Ain't nobody in the world but you and I

You stop the room when we walk in Spotlights on everybody staring Tell all of these boys, they wasting their time Stop standing in line, cause your all mine

And this evening I, won't let the feeling die I never wanna leave your side

Out of all the girls You my one and only girl Ain't nobody in the world tonight

All of the stars you make them shine like they were ours Ain't nobody in the world but you and I You and I Ain't nobody in the world

You keep wondering if you're what I'm wanting You don't even have to try

You don't have to try Don't try Don't try You don't have to try

Out of all the girls You my one and only girl Ain't nobody in the world tonight

All of the stars, they don't shine brighter than you are Ain't nobody in the world but you and I You and I You and I Nobody in the world tonight Ain't nobody in the world but you and I
