

# John Mayall's Bluesbreakers, My Pretty Girl

My pretty girl is sitting in her room of red  
My pretty girl lying on her furry bed  
Pretty as the moonlight  
I only want to treat her right  
My pretty girl doing something to her hair  
My pretty girl dressing up with special care  
Pretty as the moonlight  
I only want to treat her right  
My pretty girl making me feel her man  
My pretty girl hugging me when she can  
Pretty as the moonlight  
I only want to treat her right  
My pretty girl sleeping in the still of night  
My pretty girl glowing in the candlelight  
Pretty as the moonlight  
I only want to treat her right
