John Mayer, Bold As Love

Anger he smiles towering in shiny metallic purple armor Queen Jealousy, envy waits behind him Her fiery green gown sneers at the grassy ground Blue are the life-going waters taken for granted They quietly understand The once happy turquoise armies lay opposite ready But wonder why the fight is on

But they're all bold as love Yeah, they're all bold as love They're all bold as love Just ask the axis

My red is so confident that he flashes
Trophies of war and ribbons of euphoria
Orange is young, full of daring
But very unsteady for the first go around
My yellow in this case is not so mellow
In fact I'm trying to say it's frightened like me
And all these emotions of mine keep holding me from
Giving my life to a rainbow like you

I'm bold, bold as love Yeah I'm bold, bold as love I'm bold, bold as love Just ask the axis Yeah he knows, he knows everything I'm bold, bold as love
