

John Mayer, Come Back To Bed (Live)

still is the light
of your room
when you're not inside
and all of your things
tell the sweetest story line
tears on these sheets
and your footprints are down the hall
tell me what i did
i cant find where the moment went wrong at all
you can be mad in the morning
i'll take back what i said
just dont leave me alone here
its cold here
come back to bed
come back to bed
come back to bed
come back to bed
what will this face
you know you're not a quick forgiver
and i wont sleep through this
i survive on the breath
you have vanished with
you can be mad in the morning
i'll take back what i said
just dont leave me alone here
its cold here
come back to bed
come back to bed
come back to bed
come on come back to bed
come back to bed...
(guitar solo)
you can be mad in the morning
or the afternoon instead
but dont leave me
numbingly
because i love you baby
come back to bed
come back to bed
come back to bed
dont hold your love over my head
dont hold your love over my head
dont hold your love over my head
dont hold your love one more time around baby
dont hold your love over my head
dont hold your love over my head yeah
dont hold your love over my head
dont hold your love over my head
come on come back to bed
(guitar solo)
oooooh
come on in
ladies
the next time a man does something to upset you
dont do that thing where you pretend nothings wrong
but you still show something wrong
and you just say keep askin
and then us men askin you just say nothin
because we'll stop after two times god damn you we'll stop
nothing means nothing in our book right?
so then you just make it worse
because we think you want to
and maybe you want to
but maybe we can bridge the gap here

we can both sleep in the same bed
next time your man screws up
just look at him
fold your arms if you have to
because thats the worst thing in the world that you can do to a man
and just look him in the eye and say
"someday baby"
"someday baby"
OOOOHhh
"someday baby"
"some some some someday baby"
(guitar again, with a few funny yelps from john)
"someday baby"
OOOOHhhhhh ooohhhh...
"someday baby baby babayyyy"
"maybe tonight baby"
Ohhhhhh oh oh oh oh oh mmmhmmmm
dehhh duhhh uuuuhh (with the guitar)
(guitar again)
dont hold your love over my head
dont hold your love over my head
come back to
dont hold your love over my head
dont hold your love over my head
dont hold your love over my head...
