

# John Mayer, Little Puppy

Can't get over  
My dog rover  
Got run over  
Four leaf clover  
Not so lucky little puppy  
You got f'd up by a trucky  
Picked you up on a friday  
You were flat on the driveway  
If I could have it my way  
You would have died on the highway  
little puppy  
la la la la  
Little puppy  
Picked you up on a friday  
You were flat on the driveway (yes you were)  
If I could have it my way  
You would have died on the highway (On the highway)  
You would have died,  
You would have died on the highway  
Now there's a big spot on my driveway  
I can't seem to scrub it off  
Oh no, no, no
