John Mellencamp, Love And Happiness

Well, we're droppin' our bombs In the southern hemisphere And people are starving That live right here And they're tearing down walls In the name of peace And they're killing each other In the Middle East

[Chorus:]
But love and happiness
Have forgotten our names
And there's no value left
In love and happiness

They raise the price of oil
And they censor our mouths
If you are a young couple today
Forget buying a house
And we wage or wars
In the neighborhoods
We kill the young to feed the old
And man that ain't no good

[Chorus]

So, if you sell arms
Or you run dope
You got respect
And you got hope
But the rest of us die
On your battle fields
With wounds that fester and bleed
But never heal

[Chorus]
