John Mellencamp, Our Country

(John Mellencamp)

Well I can stand beside Ideals I think are right And I can stand beside The idea to stand and fight I do believe There's a dream for everyone This is our country

There's room enough here For science to live And there's room enough here For religion to forgive And try to understand All the people of this land This is our country

From the east coast To the west coast Down the Dixie Highway Back home This is our country

That poverty could be
Just another ugly thing
And bigotry would be
Seen only as obscene
And the ones that run this land
Help the poor and common man
This is our country

From the east coast To the west coast Down the Dixie Highway Back home This is our country

The dream is still alive Some day it will come true And this country it belongs To folks like me and you So let the voice of freedom Sing out through this land This is our country

From the east coast To the west coast Down the Dixie Highway Back home This is our country

From the east coast
To the west coast
Down the Dixie Highway
Back home
This is our country
