## John Mellencamp, Sidewalk And Streetlights

Homicide on the edge of town, And no one said it be easy Sure has its ups and downs, And Garfield is laughing Sitting in a dark room. Making love with Sylvannia No so called friends around, Cigarettes and champagne Gonna make me a big star, Oh haven't you heard yet Don't know how its going to go, Too young to tell And if it's just my name, Well hell I can change it And if it's for the fame, I guess I better grab it fast But it's just a dangerous game, That you're playing, oow And you play it so well, So let's play it again

Sidewalks and Streetlights, Sure make a pretty picture Strangers in the night, Are you going my way You can drop me off at the corner, I can walk the rest of the way It's not that far to the nearest star And if it's for the money, Hey why can't I have it And if it's for the glory, I guess I better grab it fast But it's just a dangerous game, That you're playing, oow And you play it so well, So let's play it again, oow Let's play it again
