

John Mellencamp, Small Paradise

Two veteran lovers french kiss in the doorway
Their ears are cold but their hearts are so warm
A country band playin' down the street just a little ways
They're whiskey wild, they keep it up until dawn

[Chorus:]

Small Paradise

I glad to see everything's alright with you

Alright then hold me tight - kiss me

Small Paradise

A neon sign blinks outside in the pouring rain

It's ladies night free drinks until 10

Some people walk on by, hey girl don't

I know you, won't you come on in

Well it ain't love but it ain't bad

[Chorus 2x]
