

# John Prine, I Hate It When That Happens To Me

Well I once knew a man who was going insane  
He let love chase him right up a tree  
It took the police and a fire truck  
Just to bring him back down  
Oh, I hate it when that happens to me

It made the front page of the paper  
The gossip tongues wagged  
Why they even showed it all on TV  
Now if he should live forever  
He won't live it down  
Oh, I hate it when that happens to me

Dogs bites Man  
Man loses girl  
Oh what did he ever do  
Wrong in this world?

Instrumental:  
Dogs bites Man  
Man loses girl  
Oh, what have I every done  
Wrong in this world?

There once was a big buzz all over town  
About a movie where the killer goes free  
Now, he's got every one's sympathy  
Oh, I hate it when that happens to me  
Yes, I hate it when that happens to me
