

John Prine, Only Love

You may live alone and close your eyes
Some folks do
You may dream a dream that's twice your size
All night through
When the morning comes who's to tell your dreams to
Only you

Chorus:
Only love, love only, only love
Will do
Only love, love only, only love
Comes true
Nothing else, you see, there nothing else
Only love, only love

I have known a love within my heart
One or two
Where one love would end and one would start
I never knew
If love should come your way you'll learn to say
I love you I love you

Repeat Chorus Twice
