John Waite, Encircled

In these days of wild roses I held a compass in my hand I had three wishes for a future That I won't need to understand And I've got holly green on blood red Manhattan Christmas on my arm My soul ain't worth saving Feels like I've lost my lucky charm And I've been living in the gutter I've been loaded like a gun I've been sliding down the mountain And it feels like kingdom come And I'm always fighting windmills Have to take it as it comes See I'm I'm encircled I am If you want me tell me Cause I can't play this game much longer Feels a lot like oblivion This feeling just keeps getting stronger And I've been living in the gutter Without American Express Heroes changing horses midstream I'm detached I'm second-quessed Won't you please come back and get me My whole world is in a mess See I'm I'm encircled This time I am I'm encircled In these days of wild roses I'm encircled Yeah

And I've been living in the gutter
I've been loaded like a gun
I've been sliding down the mountain
And it feels like kingdom come
And I'm always fighting windmills
Have to take it as it comes
See I'm encircled
This time I am
I'm encircled
I am
In these days of wild roses
