

# John Waite, Midnight Rendezvous

Driving faster than you want me to  
Can't help myself when I'm alone with you  
Alright  
Alright  
I've passed the limit and there's no way back  
Your kind of love gives me a heart attack  
Alright  
Alright  
Cause baby can't you see  
We need to spend some time alone  
We need to see some dreams come true  
I wanna feel me touching you  
We need a midnight rendezvous  
On the freeway with the throttle down  
You drive me crazy as we drive around  
Alright  
All night  
The way you look tonight you aim to please  
The dress you're wearin' is way past your knees  
Alright  
Alright  
Cause baby can't you see  
We need to spend some time alone  
We need to see some dreams come true  
I wanna feel you touching me  
We need a midnight rendezvous  
Midnight  
Midnight rendezvous  
Midnight  
Midnight rendezvous  
Midnight  
Midnight rendezvous  
Midnight  
Midnight rendezvous  
Yeah yeah  
All I really wanna do  
Spend some time alone with you  
Yeah  
A midnight  
(Baby baby can't you see)  
(Baby baby you and me)  
(Baby baby can't you see)  
(Baby baby you and me)  
A midnight rendezvous  
Yeah  
All I really wanna do  
Oh I really wanna love you  
Oh  
Midnight rendezvous
