

John Waite, Woman's Touch

Give me one thing I can believe
Give me one thing I can touch
Taste
Want
Take again
And again
And again
Give me something I can't remember
Forget me not
Give me something over and over
Don't forget
Keep me loved
Give me something I can't ignore
No
Keep me preoccupied
Keep me satisfied
With a woman's touch
Yeah
Hold on baby
Hold on tell you when
Dream baby
Dream again
And again
And again
I want you tonight
Hold on
Hold on
Make this thing right
You know you want it
You know I want it too
Give it all
Come on come through
Give me something to believe in
Give me
Give me a woman's touch
Yeah
Yeah
Oh
It's all I want
I want you
And nobody else will do
I need you
Now
Feels like a honeymoon
Want you so
Take my hand
Don't let go
You know you want it
Yeah
Nothing could ever mean as much
No
Keep me preoccupied
Keep me satisfied
With a woman's touch
Yeah
Keep me happy tonight
Keep me wide awake
Give me a woman's touch
Yeah
Yeah
Make me feel alright
Don't forget
