

John Waite, World In A Bottle

Give your love away
It's not the way you seem
Cause someone's just come in your life
And broken up your dreams
Look into my eyes and tell me what you see
And if my eyes are empty
Well that's the way I'm meant to be
What I got
Who am I
I got the world in a bottle
Oh oh
Whatever I once was
Is fading fast away
My soul is like a shadow
Growing fainter in the day
I've never loved you more
But you feel so out of reach
My life is like a sun
Sinking slowly in the beach
What I got
Who am I
I got the world in a bottle
Ooh oh
Come here
I want you
What I got
Who am I
I got the world in a bottle
What I got
Who am I
I got the world in a bottle
So give your love away
It's not the way you seem
Cause someone's just come in your life
And broken up your dreams
Look into my eyes and tell me what you see
And if my eyes are empty
Well that's the way I'm meant to be
What I got
Who am I
I got the world in a bottle
What I got
Somebody
Who am I
I got the world in a bottle
